Dean Newhouse
University of Washington

Dear Dr. Newhouse:

In regard to the case of Kenzo Kuroda; upon receipt of your telegram I at once began calling both locally and long distance and by the time I had run the thing down, the young man had been released and allowed to proceed unmolested.

We wish to commend your spirit and your faithfulness in following up your students and in trying to see that they get a "square deal".

Sincerely,

Leroy H. Walker, Pastor
