### D-OP DRIVE POSTPONED

A postponement of the community enterprises' charter membership drive was announced by E.H. Runcorn, associate community enterprises superintendent, yesterday.

This was done to give incorporation committhe tee an opportunity to sign the articles of incorporation of a consumer cooperative.

Also, this extra time will be used to better educate the employees, block managers and representatives, and the residents of the nature and the advantages of a consumer cooperative, Runcorn further explained.

#### leachers from Lamar Visit

Sixty-five Lamar teachers and their husbands and wives will tour the center and inspect Amache schools this afternoon. A dinner and program are scheduled.

#### POUNDS OF 3.779 FAT SALVAGED

Through cooperation of the kitchen crews and butcher staff, 3,779 pounds of fat were salvaged during the past month, revealed William iells, project steward.

The center will continue to send its monthly contribution of fat to Wichita, Kan.

### Allowances May Be Split

Residents who have received but part of their clothing allowance were today asked by John O. Moore, head of the social welfare division, to wait until all checks are mailed out before making inquiries at the reception center.

Because there are two bases, residence in the center and work, clothing allowances may come in checks. Moore explained.

Checks are for July, August, and September.

#### PASSIES NEW RULES ON POLICEMEN RY MADE

Passes will be issued extremely urgent. between 8:30 and 9:30 a.m. and 1 to 2 p.m. on week days, and from 8:30 to 9:30 a.m. on Saturdays in the south administration building, the police department announced yesterday.

Tuesday, dednesday, and Thursday passes must be obtained on Monday; Friday and Saturday passes on Wed-nesday; and Monday passes on Saturday, the department stated.

Hereafter, passes will issued for emergencies only. No more shopping passes will be given unless

The department declared that the abuse of the pass rrivileges by many of the residents necessitated 'these changes. Too many people returning three or four hours late when their rasses were marked "to return at sundown; " forging names; and using the passes of friends without proper authorization from the department were the complaints.

A continuance of this sort of thing will force the refusal of any and all requests for passes, the department declared.

### BALLOTING WEDNESDAY

The center charter will be voted upon by the residents for official ratification Wednesday, W. Ray Johnson, community services chief, said yesterday.

All residents, 18 older, are eligible to vote. The charter has been approved by Project Director James G. Lindley and was submitted to the residents more than a week ago.

The charter will go into effect as soon as it is ratified by a majority vote of the residents. A general election for block representatives and councilmen will take place 15 days after its adoption.

The center will be divided into five districts of six blocks each and each district will be represented by one councilman who shall be elected by and from the block representatives of that district.

### Boulder Get Three

Three more instructors for the Naval language school at Boulder are scheduled to leave next week with Project Director James G. Lindley, announced Registrar Lewis W. Fanslan, today.

instructors left Four the center last week and two more followed this week.

#### CHECK FUND DOUBLED

The check-qashing fund has been more than doubled and the cashier's office will be open from 10 to 11:30 a.m. and from 1 to 3 p.m. beginning tomorrow, according to Kendall Smith.

### TOWN HALL! TMIK

The committee on social welfare in cooperation with the block managers sent qmochi to those confined in institutions in California.

The educational program and the promotion of share buying for the Amache comenterprises, inc. munity was approved by the council. This was submitted by the committee on enterprises. This group will continue its work until a board of directors has been duly elected by the shareholders. --Tsugime Akaki

#### $\mathbb{C}\mathbb{O}$ - $\mathbb{O}\mathbb{P}\mathbb{S}$ DF. BA. AND CASH SALES AT MARKET PRICES

Besides the four fundamentals of consumer cooperation that were previously enumerated, several secondary principles through experience have been found vital for success.

The most important of these is the one most often debated and modified with fatal results. That 'is, cash sales at prevailing market prices.

Credit and cut-rate prices, the antitheses of this rule, are often the reasons for failure of co-ops. Members do not discipline their selfishness nor are long-sighted enough to resist the temptation to sell on credit or below competitive price levels.

This principle will be a hot issue in relocation centers most likely, but it should be adhered to for the following reasons: 1. Credit always involves some losses. These must be made up either by higher prices or lower dividends, both being bad for the cooperative.

2. Credit sales cause more bookkeeping and collection expense.

3. More capital is required to operate, and capital bears interest.

4. Credit business usually involves the same method with wholesalers with consequent and consistent loss of discounts.

So much for the dangers of credit business. The dangers of disregarding prevailing market prices are even greater. Here's why:

1. Actual cost at retail cannot be known curately in advance.

2. Prices below the market level invite price

#### FOR

wars which cannot be won without large surplus reserves.

3. Reserves cannot be built to guarantee longtime success and security.

4. Cut-rate prices invite antagonism and breakdown of relations with suppliers.

Cut-rate prices eliminate or reduce the educational fund which is needed for the development and continuation of the cooperative movement.

6. Cut-rate prices eliminate patronage dividends which are the economic motive for building cooperative ownership and control.

7. Cut-rate prices cannot provide for proper depreciation of equipment.

8. Cut-rate prices cannot provide the capital needed for expansion.

### MISS WALNE LAUDED FOR AIDING EVACUEES

Most of the job placements for evacuees in Boulder are due to the friendly attitude of the townspeople and to efforts of Florence Walne, director of the Naval Language school, stated Registrar Lewis W. Fanslan.

Miss Walne, born and reared in Japan, has long been familiar with the problems of the US Japanese

on the Pacific coast. Due to her sympathetic interest, it has been possible to place a stenographer, six school girls, and 15 evacuees for the kitchen crew serving the Navy school dormitories.

A NEW SEASON

The bowl games are over and football with its Bink-wiches and Governalis has passed into pigskin history. Sports followers from Madison Square Garden on the east to the Shrine auditorium on the west are now turning to basketball for their enjoyment.

No less so in the center, With an array of exceptionally talented players from all over California, interest is high, and teams are being formed for the newly proposed casaba league.
A QUESTION

A debatable point arose.
over the recreation department's tentative ruling that
"high school students will.
NOT be eligible to play in
the basket ball league sponsored by the rec. dept."

We believe that such a ruling is unfair for the students who, not being able to make the school teams, will not be afforded the opportunity to play in team competition in a well-organized league.

Having heard that the mangers of each club will meet tonight, we have thrown in our two bits worth in the hope that the managers will change the ruling and lift this restriction.

## Skookums Get 'A' Grid Crown

The Modesto Skookums were afficially declared champions of the 1942 American touch football league by the rocreation department yesterday.
